

## ***PRESERVE THE TRADITION***

*Snowmobiling isn't just a Winter endeavor! Many activities including trail brushing and installation, trail grooming, charitable fundraising, promotion of club membership and safety awareness are year-round activities.*

*You might see us on the trails or at a local snowmobile water-cross event in the summer. Some of these activities may sound like work, but more than anything they are just plain fun! Everything we do is with the intent of enhancing and fostering the sport of snowmobiling. We encourage you to join us in preserving the tradition.*

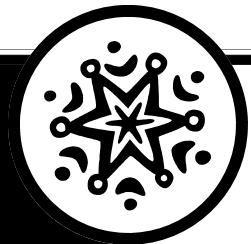

**Driftskippers Snowmobile Club is a non-profit organization located in Southwest Michigan. We administer 64 miles of beautiful groomed trails that weave through orchards and woods in Berrien and Van Buren Counties. We are participants in the Michigan Department of Natural Resources Snowmobile Grant Sponsor Program and we are proud members of the Michigan Snowmobiling Association.**

**Our mission is to develop and maintain groomed trails that rival the best available in the State of Michigan. Snowmobile trail systems would not exist without dedicated members of local trail sponsors. Your snowmobile registrations and trail permits are only part of the formula for creating and maintaining snowmobile trails including the purchase and operation of grooming equipment that keeps our trails sled-ready for all to enjoy.**

**Please join us to ensure that the heritage of snowmobiling and the availability of local trails are preserved well into the future.**
